MRS. LUCY COX
Mrs. Lucy Elvira Cox, 89, a resident of Emmet, died Wednesday in a Prescott hospital. She was a longtime Hemphill resident and member of the Emmet Methodist Church.

Surviving are two sons, James O. Cox of Hope and Jack Cox of Emmet; five daughters, Mrs. Louis Townsend and Mrs. Shelby Jones, both of Emmet; Mrs. Rayburn Butts of North Little Rock; Mrs. John Harrison of Jonesboro and Mrs. Foster Jones of El Dorado.

Services will be at 2:30 p.m. Friday at Herndon Chapel by the Rev. Calvin Miller. Burial will be in Memory Gardens of Hope by Herndon Funeral Home.

Mills, Israel Officer to Be Honored

LITTLE ROCK (AP) — Col. Immanuel Shakked, of Israel, will be the featured speaker at a dinner here Saturday at which Rep. Wilbur D. Mills, D-Ark., also will be honored.

Shakked, who participated in the Arab-Israeli war last year, will arrive in Little Rock at 1:12 p.m. Saturday.

The dinner is an annual event by the Bonds for Israel Committee of Little Rock.

Funds derived from the bond sale are loaned to the State of Israel for economic development.

Vietnamese sources report that the North Vietnamese 325C Division, once deployed around the Khe Sanh base 50 miles to the north, has moved into the A Shau Valley.

Since April 1, the B52s have flown 55 separate missions over the area, with each mission averaging about six planes. An estimated 8,000 tons of explosives have been dropped.

On the ground, U.S. and South Vietnamese troops battled enemy forces in the Mekong Delta and along the northern frontier Wednesday.

In the biggest battle, U.S. Infantrymen from the 9th Division reported killing 78 Viet Cong in day-long fighting in the delta 43 miles southwest of Saigon. Four Americans were reported killed and 15 wounded.

The U.S. infantrymen surrounded the enemy, and artillery and fighter-bombers blasted the enemy positions.

No ground fighting was reported at Khe Sanh, but U.S. officers said more than 240 rounds of artillery and rockets hit the area Wednesday in the third consecutive day of heavy shelling. U.S. casualties were reported light.

For the 14th successive day in the air war against North Vietnam, U.S. jets stayed south of the 19th Parallel.

Gun Sales Soar After Looting

By DONALD M. ROTHBERG
Associated Press Writer
WASHINGTON (AP) — Gun sales have soared in predominantly white suburbs of Washington, Baltimore and Kansas City since looting and violence erupted in the Negro neighborhoods of those cities this month.

Rioting that followed the murder of Dr. Martin Luther King Jr. on April 4 marked the first major racial disorders in any of the three cities in recent years.

In contrast, there was little if any increase in gun sales in the suburbs of two cities which experienced rioting in previous years as well as this month. Only one dealer in two suburbs adjacent to Chicago's West Side, scene of a 1966 riot, reported an increase in sales. And there was no evidence of an increase in Detroit's suburbs, where gun sales went up sharply during the 1967 riot.

When trouble broke out in Washington, gun sales were banned in the city and in its Maryland suburbs.

Sales were permitted in suburban Virginia, however, and in Alexandria long lines of suburbanites formed outside gun shops.

Alexandria police said in the first two weeks in April they received 400 applications for permits to possess handguns—more than they had during the entire month of March.

Although purchases were barred in the Maryland suburbs of both Washington and Baltimore during the disorders, many dealers forwarded applications for handgun permits to police for processing. The ban was lifted last Sunday.

Karl Zinkhan, deputy chief of the Baltimore County police, said the number of requests was the highest his department has received since 1966 when the law requiring permits was passed.

"We don't like to see so many handguns going out," Zinkhan said, "but we're reasonably sure they are going into the hands of responsible citizens."

Gun dealers in the Overland Park, Kan., suburb of Kansas City, reported a spurt in sales as soon as a ban on them was lifted.

In Independence, Mo., another Kansas City suburb, 40 people were lined up at one gun shop when the ban went into effect.

Edward Breitl, owner of a gun shop in Oak Park, Ill., a town adjacent to Chicago's West Side, said his business was up substantially.

"Mostly handguns. Not rifles or shotguns," he said.

However, police in Oak Park and neighboring Cicero said applications for handgun permits were running about normal.

In the Detroit suburb of Dearborn, Police Chief John B. O'Reilly said, "Last fall the amount of handgun registrations probably tripled. This pace has been constant. I don't think there has been any change as a result of Dr. King's death."

Greek Premier Defies House Arrest Order

By PHILIP DOPOULOS
Associated Press writer
ATHENS (AP) — Former Premier George Papandreou defied house arrest Wednesday and smuggled out an appeal for international political and economic isolation of Greece's military dictatorship.

The statement from the 80-year-old leftist leader said "solidarity and support" from nations of the "free world" would lead to the immediate overthrow of the junta that seized power in a coup April 21, 1967.

Papandreou and ex-Premier Panayiotis Kanellopoulos were placed under house arrest Monday in an attempt to prevent them from issuing statements in connection with the first anniversary of the coup.

But Papandreou foiled the guards around his house and managed to smuggle out a long and defiant statement that was distributed by his followers.

He accused the regime of abolishing freedom of the press, freedom of speech and freedom of assembly. He said the coup leaders have so far failed to justify their claim that a Communist revolution was to be launched during the elections that had been scheduled for May 28, 1967, elections which Papandreou's Center Union had been expected to win.

"The Communist danger was manufactured and the coup undertaken only to prevent our electoral victory," Papandreou said.

Papandreou was premier from February 1964 to July 1965. He was forced out by King Constantine in a struggle over control of the armed forces. The old man was held under house arrest from the coup until last October.

Kanellopoulos, leader of Greece's biggest conservative party, was the caretaker premier in charge of the election preparations at the time of the coup.

Daley Insists Shooting Is Necessary

CHICAGO (AP) — Mayor Richard J. Daley has clarified his order that police shoot arsonists and looters on sight, but he reiterated his position that such force as is necessary be used to prevent such crimes.

Daley read a statement to the city council Wednesday which tempered the language of his order Monday in connection with arsonists and looters. An aide said the statement was designed to remove the impression that the mayor had called for indiscriminate shootings.

"Certainly an officer should do everything in his power to make an arrest—to prevent a crime—by utilizing minimum force necessary," Daley told the council. "But I cannot believe that any citizen would hold that policemen should permit an arsonist to carry out his dangerous, murderous mission when minimum force necessary cannot prevent or deter him."

Emerging from the council meeting, Daley was asked if he was misunderstood in his "shoot on sight" orders Monday. "Yes I was," Daley replied.

talks. The paper added: "In the eyes of those men of good will who want an early end to the war in Vietnam, Phnom Penh—capital of a neutral country—or Warsaw—where the United States has its embassy—are suitable places for the contacts."

Diplomats in Washington from some of the countries allied with the United States in Vietnam said the U.S. government had objected to Phnom Penh and Warsaw because it had promised the preliminary talks would be held, if possible, in a neutral Asian country to which South Vietnam and its Asian allies could send observer delegations.

This was expected to provoke a new howl from Hanoi, which has given every indication that it assumes the preliminary talks will be confined to the United States and North Vietnam, with their sole purpose the ending of all American attacks on North Vietnamese territory.

However, Asian diplomats in Washington said the United States has turned down South Vietnam's proposal for a summit conference of the seven allied nations with troops in Vietnam. The informants said the United States let it be known it is not enthusiastic for a summit before the initial contacts are made with Hanoi.

Rockefeller Is Being Pressured

By JACK BELL
AP Political Writer
WASHINGTON (AP) — New York Gov. Nelson A. Rockefeller is under increasing pressure from some key associates to take a new step toward active candidacy for the Republican presidential nomination.

Rockefeller, in Washington today to launch what he has said will be a series of speeches on major issues, will talk on big-city problems before the American Society of Newspaper Editors.

Some of the New Yorker's backers who participated in the abortive 1964 attempt to stop Barry Goldwater with then-Gov. William Scranton of Pennsylvania are convinced Rockefeller must abandon quickly his position of waiting for a draft.

Sen. Jacob K. Javits, R-N.Y., among others, thinks Rockefeller should say within two weeks he is willing to seek the nomination that former Vice President Richard M. Nixon is campaigning for vigorously.

Rockefeller said on April 12 there "could be" circumstances under which he might become an active candidate.

Some of his strategists feel action of this nature would help eliminate some of the political hangups they have encountered in trying to get a flow of convention delegates headed his way.

They believe Gov. James A. Rhodes and the 58-vote Ohio delegation might be favorable to Rockefeller. But they don't expect the canny Rhodes to make any commitments to a contender who isn't even in the ring.

Similarly, Gov. George Romney of Michigan has given clear signs he isn't inclined to reciprocate Rockefeller's support of the nomination until he is certain the New York governor is in the running. Michigan will cast 48 of the 667 votes needed for the nomination.

Purcell Rants About WR, Drinks Issue

LITTLE ROCK (AP) — Atty. Gen. Joe Purcell challenged Gov. Winthrop Rockefeller Wednesday "to assert political leadership that is so badly needed" and include legislation in his May special session of the legislature to clear up state liquor laws.

Purcell said it was "high time that the nit-picking over our liquor laws, which to some extent are ambiguous, overlapping and nondefinitive, be stopped."

"Gov. Rockefeller refers to the hypocrisy of the situation and just as repeatedly refuses to present the matter to the General Assembly in conformity with his announced wish prior to the last special session," Purcell said.

The General Assembly is "the only forum to properly deal with the confusion and disorganization which has risen in this field of the law," Purcell said.

The attorney general said Arkansans "are entitled to know without delay whether or not he has the courage and the political leadership to act in this area which is of such great concern to the people."

Purcell said he hoped to have an opinion written within 30 days on the legality of regulations established Monday by the state Alcoholic Beverage Control Board which would allow clubs to dispense mixed drinks.

Mrs. Norma Starr of Little Rock, a justice of the peace, also asked Purcell whether clubs, restaurants or hotels could sell, dispense or serve mixed drinks. Purcell said this involved three separate questions and that each would be answered.

He questioned, however, whether the ABC really needed answers to some questions it had submitted to his office last month such as whether alcoholic beverages could be legally dispensed in dry counties.

Purcell told the board there was no legal authority in Arkansas to sell mixed drinks anywhere.

Corrective Prison Plan Is Blamed

RALEIGH, N. C. (AP) — North Carolina's top prison official says his efforts to build a progressive correction system were partially responsible for Wednesday's Central Prison riot in which six prisoners were killed.

But State Correction Commissioner Lee Bounds plans no change from his relatively new policy of collecting the worst offenders at the maximum security unit in Raleigh.

The advantage of the regrouping, Bounds said, outweighs the risks.

He said that his system insures that the "bills"—extortionists, racketeers, assaulters, sexual offenders and other prisoners who have been terrorizing their fellow inmates—are removed from medium security facilities throughout the state, allowing more rehabilitation in these units.

Five inmates were killed and 78 wounded early Wednesday when guards fired shotguns into a crowd of more than 400 rioting prisoners. One of eight critically injured prisoners died late Wednesday night in a hospital.

Five officers were hurt, none seriously, in the confrontation that Bounds said lasted 10 minutes.

Bounds said the "root cause" of the trouble was administrative take-over of the prison handicraft system. For years the system was operated by inmates as a revenue source by making wallets and other leather goods for outside markets.

Prison officials maintained the system bred extortion and racketeering and was a means for some prisoners to gain power and control within the inmate population.

Bounds said the handicraft production will continue, but only under control and supervision of prison officials.

For the past 18 months Bounds' department has been classifying the prison system's 10,000 inmates. The worst offenders and those with the least potential for rehabilitation are collected at Central Prison in Raleigh.

Before the riot began some 500 prisoners staged a sit-down strike in the prison yard. Temperatures became short with the chilly night and a small building was set afire.

to encourage peace contacts and Park "expressed his satisfaction with these developments."

Johnson reviewed the position that American envoys would take in direct contacts with North Vietnamese representatives and reaffirmed that "the U.S. government would continue to consult fully with the Republic of Korea and other allies concerning negotiating developments and positions to be taken on the allied side at each stage."

On Korea, the two said: "Further aggressive actions by the North Korean Communists would constitute a most grave threat to peace."

Word of a fresh incident involving a North Korean terrorist attack against the South Korean soldiers arrived while the leaders were meeting here.

Johnson "reaffirmed the readiness and determination of the United States to render prompt and effective assistance to repel armed attacks against the Republic of Korea."

You may or may not be aware of it but "Good Human Relations Week" is coming up. Its purpose is to call attention to the principles and practices that can be employed to bring about better relations and understanding among people everywhere.

After the happenings of the last several days, everyone knows well we can stand such a week... fact is, if such a program could be achieved for as little as twenty-four hours, it would help. And it just might be the beginning of something.

And, in the meantime, we are working away at our own human relations program right here at Raley's Style Shoppe.

For one thing, we are having a clearance sale. We did not sell out to the bare walls before Easter. We do have merchandise left and we would love to share it with you.

Suits and costumes reduced as much as one-third. Wools, knits, all-weather fabrics... garments to be worn now and later, too. These will be the first to go, so come early for a good selection.

The next item of importance is the sale of dresses. Just how and where we got so many is more than we know, but we will have fewer after the sale because... you will want several at one-third off.

Large group of Millinery reduced one-third—It is the time of the year to change... let us help you at

ment. She was among the invited guests to a dinner for 190 given by President and Mrs. Johnson late last fall in honor of Japanese Prime Minister Sato and his wife. The formal ceremonies—the 19-gun salute, the official greeting—were duly noted, but the program really got rolling when Mrs. Child inspected the predinner preparations backstage.

She talked to the White House housekeeper about the menu planning, the careful attention to any dietary limitations. She watched the flower arranger at work on the 19 centerpieces for the tables.

She was, of course, completely in her element when talking to the White House chef. They animatedly discussed the ingredients of the fish course, the meat course and the sauces—"can I have a little taste?" asked Mrs. Child, already helping herself.

Sometimes the photography was a little wobbly, and at no point was there that slick production that we have become accustomed to on the commercial networks. During the dinner itself the pictures were pretty dark since it was shot intentionally without additional light.

But it was the content—bright, informal and informative—that made it a fine example of enterprise broadcasting.

Joey Bishop celebrated the first anniversary of his late evening show Wednesday night with a program composed of highlights from the past 12 months. ABC celebrated it by announcing it had renewed his contract for another 39 weeks. The network also said that starting in late April, the program, routinely, will no longer be live, but taped one night for broadcast the next.

Phils, Mets, Pirates Win Home Games

By DICK COUCH
Associated Press Sports Writer
When the wind shifts his way, little Cookie Rojas can blow up a big storm.

"I hit home runs only in hurricanes," said the slender second baseman, who cracked a game-winning, two-run homer Wednesday night as the Philadelphia Phillies ended a six-game tailspin by edging Don Drysdale and the Los Angeles Dodgers 3-2.

Rojas' fifth inning shot off Drysdale enabled the struggling Phils to pull out their home opener and snap their longest losing streak since 1964, when a ten-game September skid cost them the National League pennant.

The New York Mets and Pittsburgh Pirates also captured their home openers in impressive fashion, the Mets trimming San Francisco 3-0 behind rookie left-hander Jerry Koosman and the Pirates smothering Houston 13-4 with a 17-hit barrage. Cincinnati nipped St. Louis 4-3 in 12 innings and Atlanta blanked the Chicago Cubs 2-0 in other National League action.

Minnesota slugged Washington 13-1, Boston stymied the Chicago White Sox 2-0, Detroit shaded Cleveland 4-3 in 10 innings, Baltimore spoiled Oakland's home debut 4-1 and the New York Yankees topped California 3-2 in American League games.

The Phillies trailed 2-1 when Tony Taylor stroked a two-out single in the fifth and Rojas slammed a 3-2 pitch into the lower center field seats. "I was trying to punch the ball for a hit," said Rojas, whose first 1968 homer gave him a six-year career total of 17. "With a runner on first and Johnny Callison coming up I just wanted to keep it going."

"He gave me a high fast ball and I punched at it. It got up in the air and the wind did the rest. We were lucky the wind shifted later or Jim Lefebvre's shot in the eighth would have gone out."

Manager Gene Mauch lifted southpaw Woody Fryman with two Dodgers on in the eighth after center fielder Tony Gonzalez raced to the wall and gloved Lefebvre's 400-foot drive. Reliever Dick Farrell then came on to preserve Fryman's first victory as a Phillie.

Koosman scattered seven hits and struck out 10 on the way to his second successive shutout, lowering the Met pitching staff's earned run average to 0.81 before 52,079 Shea Stadium supporters—the largest crowd in the majors thus far.

Koosman stopped the Giants cold after escaping a bases-loaded none-out jam in the first inning by striking out Willie Mays, retiring Jim Hart on a foul pop and fanning Jack Hlatt. Cleon Jones homered for the Mets.

A six-run uprising in the third inning kept the Pirates' romp over Houston before a Forbes Field crowd of 30,779. Ex-reliever Al McBean, given a commanding early lead, went the distance for his second victory without a loss.

Maury Wills and Jerry May led the Pittsburgh attack with three hits apiece.

Lee May drilled a bases-loaded single in the 12th, breaking a 3-3 tie at Cincinnati and nullifying five hits—including a two-run homer—by the Cardinals' Lou Brock, who had filled the bases with a pair of intentional walks after Pete Rose led off with a

Celtics Fight Back to Even Up Playoffs

By LARRY ELDRIDGE
Associated Press Sports Writer
BOSTON (AP) — The annual National Basketball Association showdown between the rival Philadelphia 76ers and the Boston Celtics has come down to its final playoff game. You can take your pick of opinions on how much the home edge will mean.

"The home court doesn't mean much to these two teams, Boston Player-Coach Bill Russell said after his Celtics evened the best-of-7 Eastern Division finals 3-3 with a 114-106 victory Wednesday night. "The team that has a good night wins; it's as simple as that."

Philadelphia's Alex Hannum sees it differently. "If the Celtics can come in there and beat us they deserve all the credit in the world, because they're going to be up against a tough basketball team," Hannum said.

"We worked all season for the home court advantage," he added. "We've still got it. We're going to have that crowd yelling for us Friday night."

The Celtics had it Wednesday night, and they made the most of it before a wildly cheering crowd of 14,780 at Boston Garden, leading virtually all the way behind the sparkling all-round play of Russell and John Havlicek.

Russell scored 17 points, played a strong defensive game, and dominated the boards in his personal duel with Wilt Chamberlain, hauling in 31 rebounds. Havlicek led the Celtics with 28 points and was all over the court in a brilliant floor game.

Pro Gridders Announce TV Games

NEW YORK (AP) — Los Angeles will play at St. Louis and Green Bay will be at Dallas in two nationally televised games on Monday nights in the National Football League, according to the 1968 schedule released today.

Those games will be two of six to be televised nationally by the Columbia Broadcasting System during the regular season. All other games will be shown regionally.

The other national telecasts will show Philadelphia at Detroit, Day, and Washington at Dallas, night, on Thanksgiving, Nov. 28; Baltimore at Green Bay, Saturday afternoon, Dec. 7, and Cleveland at St. Louis, Saturday afternoon, Dec. 14.

The Los Angeles-St. Louis contest will take place Sept. 16, climaxing the opening weekend, while Green Bay and Dallas will have a rematch of their 1967 title game Oct. 28.

The first game of the season will be Saturday night, Sept. 14, when Atlanta travels to Minnesota.

CBS also will provide seven Sundays of doubleheaders starting Nov. 3.

Powell Hits Homer in Oriole Win

By RON RAPOPORT
Associated Press Sports Writer
Baltimore's Boog Powell says the new Oakland Coliseum is a hitter's park, but his teammate Dave McNally made it something less than that for the new tenants.

"The ball seems to carry well here," said Powell after he socked a homer that helped the Orioles to a 4-1 victory over the Oakland Athletics in the first game played in the new edifice. "I'd like to play here all the time."

But McNally, who limited the Athletics to two hits, understandably noticed some advantages for the pitchers. "I don't think there'll be any cheap home runs here," the young left-hander said. "You still have to hit the ball to get it out."

McNally held the Athletics hitless until Rick Monday homered leading off the sixth and after that the only Oakland hit was Tony La Russa's single in the ninth. He was promptly erased in a double play. A crowd of 50,164 watched the opener.

"We were lucky to get a run," said Athletics' Manager Bob Kennedy. "We only hit the ball hard about four times."

The Orioles hit the ball hard at least three times and they all ended up out of the park with Brooks Robinson and Mark Belanger homering along with Powell.

In other American League games, New York beat California 3-2, Minnesota crushed Washington 13-1, Detroit topped Cleveland 4-3 in 10 innings and Boston shut out Chicago 2-0.

In the National League, Cincinnati beat St. Louis 4-3 in 12 innings, Pittsburgh bombed Houston 13-4, Atlanta blanked Chicago 2-0, New York shut out San Francisco 3-0 and Philadelphia edged Los Angeles 3-2.

Mickey Mantle scored one run and drove in another and the Yankees survived Rick Reichardt's two-run homer in the ninth to beat the Angels before a home-opening crowd of 20,069. Rookie Stan Bahnsen, had blanked California on five hits until the ninth.

Harmon Killebrew's third homer of the young season highlighted the Twins' rout over the Senators before 22,926 in the first Minnesota game at home. Cesar Tovar and Jackie Hernandez also homered and Jim Merritt handcuffed Washington on six hits.

Willie Horton hit a two-run homer with two out in the 10th inning to give the Tigers the triumph after Cleveland had gone ahead in the top of the extra inning. Jim Price's two-out single in the ninth drove in the run that tied the game.

Dick Elsworth's five-hitter sent the White Sox to their fifth straight loss of the season and Carl Yastrzemski homered in the first inning. The homer was Yastrzemski's fourth. It was Elsworth's second straight victory and two-thirds of the entire Red Sox' victory total.

Billy Casper Slams Some Fine Drives

LAS VEGAS, Nev. (AP) — Billy Casper slammed a succession of tremendous drives off the practice tee. Fellow golfer Chi Chi Rodriguez asked amiably, "Why don't you take the week off?"

Rodriguez was referring, not so indirectly, to the fact that two other great golfers, Jack Nicklaus and Arnold Palmer, are sitting out the Tournament of Champions, which got under way today.

Casper, although never a winner in the 15 previous tournaments of champions, is favored to haul in the \$30,000 from the \$150,000 purse over 24 rivals. Gusto winds plagued the tournament site, the 6,625-yard, par 36-35—71 Stardust Country Club, the past two days. However, the weatherman promised winds of only eight to 10 miles an hour for the opening round.

Baseball Team Off to Fast Start

By RALPH ROUNTON
Star Sports Writer
Banging out to a fast start on the first day of their season, the Hope High baseball team raced to a pair of victories Tuesday.

On Tuesday afternoon the baseballers smashed Magnolia Columbia 10-0 behind the shut-out pitching of Mike Monroe and reliever Dwight Galloway. That night the locals traveled to Texarkana to take on Liberty-Eylou, who was among the best in the entire state of Texas.

With Galloway going all the way, the underdog Bobcats came from behind to clip Liberty-Eylou 4-2.

Also on Tuesday the HHS tracksters won a five-way meet at Southern State College in Magnolia. Taking the spotlight this time were the relay teams, most notably the mile relay, which flashed to a fine 3:35.5 time. This afternoon the thunders will host their final home meet of the season on the Hope track at 3:30 p.m.

Tomorrow the Hope golf team will complete its regular season at Hope Country Club, hosting Camden. The golfers' record is a sub-par 3-6, but everything will be thrown out and a clean slate put in for the district championships next Saturday in Magnolia.

National Owners Talk Expansion

By JERRY LISKA
Associated Press Sports Writer
CHICAGO (AP) — National League baseball club owners will meet Friday apparently intent on selecting two new franchises and deciding whether to play catch-up with the American League on the start of a 12-club circuit.

The American League last fall approved expansion to 12 clubs in 1969, reviving a Kansas City franchise to compensate for the A's switch to Oakland this season and adding Seattle as a second new member.

Warren Giles, National League president, earlier this week said the meeting was aimed only at setting down ground rules to five cities seeking the two new franchises for operation not later than 1970.

But one NL club executive said "there could be some definite action because time is getting short."

The franchise applicants include Dallas-Fort Worth, San Diego, Milwaukee, Montreal and Buffalo.

Although Giles said he expected no major action by the NL club owners, urgency could be prompted by the fact the American League has a special meeting scheduled in Chicago next Thursday. Approval may be given then to a proposed controversial divisional split of the 12-club line-up in 1969 with a championship playoff.

This would confront the National League with an overshadowing of its own pennant race by the AL playoffs and mess up of scheduling, particularly the World Series buildup, under the present 10-club NL line-up.

The National League previously voted to expand not later than 1970, but this could be reconsidered by the powerful three-man expansion committee which will report to the club owners Friday.

This trio includes Walter O'Malley of the Los Angeles Dodgers, Roy Hofheinz of the Houston Astros and John Galbreath of the Pittsburgh Pirates.

A unanimous vote is needed by the NL to field 12 teams next year.

Kansas Relays Meet Records in Jeopardy

By JIM VAN VALKENBURG
Associated Press Sports Writer
LAWRENCE, Kan. (AP) — Twelve meet records will be in jeopardy at the 43rd Kansas Relays starting today from an outstanding field typical of an Olympic year. It includes six world record holders plus Billy Mills, 1964 Olympic 10,000 meter champion.

The 12 in danger are for the meet's 27 established events. This doesn't include open events set up for Randy Matson, world's best in the shot put at 71-9½; 28-year-old Ralph Boston, still co-holder of the world long jump mark at 27-4¾; and world record sprinters Jim Hines and Charlie Greene in a special 100-meter dash.

Jim Ryan of Kansas, the world's best middle distance runner, has a good chance at meet mark of 3:46.9 in the Glenn Cunningham 1,500 meters—equivalent to a 4:03 mile—even though he'll be running within limits to avoid re-injury to his leg.

Mills will be running the 5,000 meters this time, where he might get the meet mark of 14:19.2. Hurdler George Byers Kansas is the other world record holder, in the indoor lows.

The only major event today will be the Julius Marks 10,000 meter run, where the meet mark of 29:49 could fall to Pat McMahon of Oklahoma Baptist or L. Jim Murphy of the Air Force. McMahon ran a 28:53.4 six-mile at the Texas Relays, just one stride behind Mills. That is roughly equivalent to a 29:50 in the 10,000.

Eight more final events are set for Friday, and three new marks are possible.

On Saturday's 23-event card, eight marks could go, including the events headed by Ryan and Mills.

Canadiens, Black Hawks in Playoff

By THE ASSOCIATED PRESS
It's been exactly one week between games for the Montreal Canadiens who swing back into National Hockey League playoff action tonight when they face the Chicago Black Hawks in the opener of their East Division final series.

The Canadiens eliminated Boston in four straight games and waited around while Chicago battled six games before eliminating New York.

In tonight's other games, both West Division semifinals reach a climax with seventh game meetings matching Minnesota at Los Angeles and St. Louis at Philadelphia.

The playoff and its effect on the Canadiens was the main topic of interest Wednesday. Emile Francis, whose New York Rangers were eliminated by Chicago, said he thought the playoff wouldn't hurt Montreal.

Billy Reay, whose Black Hawks won four straight after dropping the first two games to the Rangers, said he expected his club to suffer a letdown after the grueling series against New York.

In the two West series, Los Angeles and Philadelphia were hoping the home ice advantage would help them eliminate Minnesota and St. Louis.

LA, which has won three straight at home and lost three straight in Minnesota during the series, will have veteran Terry Sawchuk back in goal for the final game against the North Stars.

Sawchuk missed the fifth and sixth games of the series with the flu.

School Won't Reinstate 9 Negroes

EL PASO, Tex. (AP) — A refusal by the University of Texas at El Paso to reinstate nine track and field Negro athletes who boycotted a meet last week-end touched off a demonstration Wednesday night at a four-team meet.

"Reinstatement, reinstatement," chanted a group of about 25 demonstrators as Texas-El Paso hosted Wisconsin, New Mexico State and Western New Mexico.

By the time the meet was over, more than 50 policemen including 30 uniformed officers armed with night sticks stood guard at Kidd Field.

The meet was stopped twice when 11 Negro women, interlocking their arms, blocked the track for the 440 relay and the 120-yard hurdles races. The 440 relay was scratched. The hurdles event was run a second time.

Police said no arrests were made. The 30 uniformed officers were stationed on each side of the field, with other authorities situated in the stands, after the two races were stopped.

Seven Negro athletes including long jump star Bob Beamon issued a statement last Thursday, saying they would boycott UTEP's meet against Brigham Young University and Utah State in Provo, Utah, last Saturday because of what they say is a belief at BYU that Negroes are inferior and are "disciples of the devil."

Memphis Has Big Inning, Travs Lose

MEMPHIS, Tenn. (AP)—The Memphis Blues again used the big inning to take a second Texas League victory of the new season, 3-1 over the Arkansas Travelers.

A crowd of 4,106 cheered as the home club broke open a tight game in the fifth inning with all its runs.

Winning pitcher Billy Hepler led off with a single and was moved along by Rod Gaspar's single. Sherwin Minster then walked, as did Roy Foster, who forced home Hepler.

Gaspar was cut down at the plate on Joe Mook's fielder's choice. Tehn came the big blow by Curtis Brown, who singled to score Minster and Foster.

Hepler gave up only four hits and fanned six.

The clubs move to Little Rock to resume the series Thursday night. Jerry Hinsley probably will start for Memphis and Brian Sinnott will go for Arkansas.

In other league action, Shreveport pushed across a run in the top of the seventh inning to trip Dallas-Fort Worth 2-1 and to sweep the doubleheader. Shreveport won the opener 1-0 on an unearned run.

Albuquerque smashed out three home runs in the opener and lashed 13 hits in the nightcap in sweeping a doubleheader from El Paso 5-3 and 11-4.

San Antonio's Missions weathered a last inning storm to outlast Amarillo, 5-2, and slayed a split with the Glants after losing the opener 5-0 to the four-hit pitching of Bob Reynolds.

 My father used to write
 about a character named
 "Generous George." George
 was a fairly obnoxious person
 but a mighty good bridge
 player. His forte was to give
 away a trick accompanied by
 a speech about generosity.
 Then George would get two
 or three tricks back for the
 one he had been kind enough
 to give away.

 Today's hand is taken from
 a practice match in which
 our team was engaged. My
 teammate Ira Corn Jr. emu-
 lated Generous George in
 part. He deliberately gave
 away a trick, but he didn't
 really give that trick to our
 opponents. He gave away the
 trick so that I could pick up
 several tricks later on as his
 partner.

 My heart overall was not
 proud of, but we weren't
 vulnerable and I wanted to
 encourage a heart lead in
 case South became the
 declarer. Ira would proba-
 bly have opened the jack of
 hearts in any event but my
 overall made that lead
 certain.

 South held off two heart
 leads but had to win the third.
 Then he entered dummy with
 the king of spades and led
 the queen of diamonds. My
 king lost to his ace and at
 this point Ira came up with
 the winning generous play. He
 dropped his jack of diamonds
 under declarer's ace!

 We were playing the match
 with International Match
 Point scoring. This makes the
 game similar to rubber
 bridge. Ira risked allowing an
 overtrick when he jettisoned
 the jack of diamonds and
 while no one likes to give
 away even an overtrick, the
 game is what really counts
 and since I did hold the nine
 of diamonds, Ira's play set
 the game contract.

Thinks Cities Will Cost \$150 Billion

WASHINGTON (AP) — Gov. Nelson A. Rockefeller of New York said today the rebuilding of the nation's cities would cost a minimum \$150 billion over the next 10 years. He proposed raising the money "through imaginative and responsible use of credit."

In the first of a projected series of speeches on major issues, Rockefeller examined the problems of American cities and concluded that their solution requires "a profound act of national commitment."

"It demands of us as honest a readiness for sacrifice as the waging of a war for survival," he told a Shoreham Hotel luncheon meeting of the American Society of Newspaper Editors. "It entails a kind of Twentieth Century covenant with history."

The governor's remarks were prepared for delivery.

Rockefeller, who has said he is available for the Republican presidential nomination, said the terms of such a covenant must include the dedication of the individual citizen "especially the more favored and fortunate."

The individual citizen "simply must care enough to give of himself. He must care enough to shed bias, to deny self and to live with respect and honor for the dignity of his neighbor," he said.

Secondly, he said, "A resolute national leadership must sharply define our goals and clearly assign their order of values. It must just as rigorously assess the means available. We cannot do all things for all men and all communities and all nations at all times."

While long term renewal is under way, Rockefeller said, cities and states must raise their annual revenues by \$10 billion to meet the cost of essential services recognizing "that

Prisoner Just Walks Away

TUCKER PRISON FARM, Ark. (AP) — Herbert Russell Lewis, 32, who was serving six years from Poinsett County for forgery and uttering, walked off a work detail at Tucker Wednesday afternoon and then turned himself in Wednesday night, officials said.

Students Told Breaking Law Is Not Way

EL DORADO, Ark. (AP) — Rep. David Pryor, D-Ark., told students at Washington (Negro) High School in El Dorado Wednesday that "nothing is accomplished by looting, burning and breaking laws."

"This is not the way things are accomplished in a democracy," he said.

The school was the site last month of rock throwing by Negro youths apparently in protest of the acquittal of a white youth charged with first-degree murder in the shotgun slaying of a Negro teenager.

A Negro student asked Pryor why the freshman congressman voted against the open housing bill recently enacted by Congress.

Pryor said he believed men of all races should have the right to sell their property to whomever they please.

"Even though I voted against it, it is now the law of the land and I will abide by the law and hope that the rest of the nation will," Pryor said.

the assurance of their own rights relates critically to their assuming the rightful share of the responsibility."

At the same time, he said, the federal government should match that figure with an annual increase of \$10 billion indirect aid to the states and cities "freed from the reconstruction and confusion of some 400 current aid programs."

Union Groups Files Charge

LITTLE ROCK (AP) — Local 200 of the Hospital, Hotel, Motel and Restaurant Employees filed a charge Tuesday with the National Labor Relations Board against Majestic Laundry and Cleaners of Little Rock. The local said the firm has refused to bargain collectively.

Each early Arabic numeral was drawn with as many strokes as the number it represented.

College Supported by Endowment Appeals Integration Ruling

WASHINGTON (AP) — The trustees for the estate of a colonial era banker appealed to the Supreme Court Wednesday to keep an orphan boys' school in Philadelphia all-white.

The 120-year-old Girard College was established by Stephen Girard specifically for "poor white male orphans, between the ages of 6 and 10 years." Now it is under order by the federal District and Circuit Courts in Philadelphia to admit Negroes.

The appeal promises to be a constitutional showdown on two major issues: Whether wills such as Girard's are ironclad and whether schools in the gray area between the public and private spheres are subject to the equal protection guarantees of the Constitution.

The lower federal courts found the 14th Amendment applicable because the trustees are appointed by the state and because the school is tax-exempt.

The appeal countered that Girard College is supported entirely by income from the trust, that it has never received funds from any government unit and that none of the 13 trustees "has any governmental status."

The appeal added: "If education has become such a 'public function' that it must be conducted by private persons within the limits of the 14th Amendment the ramifications are such that only this Court should say

Strikers to Discuss a New Offer

MALVERN, Ark. (AP) — Members of striking Local 4585 of the United Steel Workers Union will meet at 7:30 p.m. here Friday to discuss a new company offer in the 34-day-old strike against National Lead Co., of Magnet Cove.

Details of the offer were not disclosed.

The company's 140 employees went on strike for higher wages and contract wordage in renewal of the old contract.

The new offer came from an all-day bargaining session Wednesday in Little Rock.

citizens of their rights.

In the summer of 1965, the National Association for the Advancement of Colored People took the case to the streets. Massive demonstrations outside Girard's 10-foot high stone wall brought out hundreds of policemen.

Last July, Federal District Judge Joseph S. Lord III said the school must end its discriminatory policy and a United States Circuit court backed him up last month.

PLAN NO. 647305

A ONE BEDROOM HOUSE

This small one bedroom house represents a practical minimum of both space and cost. It is intended primarily for a retired couple who do not wish to maintain a large house. This plan will also meet the needs of many individuals planning to build a small house for a second home on lake property in a resort area. The plan incorporates a car shelter when built as an individual unit, or it may be used in a multi-unit arrangement. Maximum use is made of the floor space which incorporates an L-shaped kitchen. Total floor space in the house is 528 square feet plus the optional car shelter of 288 square feet.

The generous three foot overhang protects the front walk and doorway. The plan specifies a concrete slab floor with perimeter insulation to reduce cost. Perimeter insulation will help maintain a warm floor. Conventional framing is used throughout the plan and includes maximum use of insulation for comfortable living.

If you need a plan, No. 647305, of this type, contact the Hempstead County Extension Office. Complete working drawings of this plan may be obtained free of charge.

Morality of Little Account If Tax System Is Unjust

Attorney General Joe Purcell's challenge yesterday to Governor Winthrop Rockefeller to show "some political and moral courage" by placing a bill to legalize the sale of mixed drinks before the General Assembly sounds absurd to this observer of Arkansas politics and politicians for 45 years.

Mr. Rockefeller is a Republican, but precious little "political and moral courage" on the liquor question was shown by any of the Democratic governors who ruled Arkansas for two generations before him.

Privately many a governor would have liked to do something about the prohibition farce but had to stay his hand until public opinion came around to supporting law and order and just taxation. That moment draws near.

Mississippi, last "bone dry" state in America, recently saw the light, kicked prohibition in the teeth, permitted the sale of mixed drinks, and bolstered its state revenue with additional taxes.

Right now Arkansas is searching for more tax revenue, but the state government will encounter great resistance in raising the rates on sales, income, or property taxes unless it first collects the full potential tax against the luxury known as liquor.

Organized church groups insist there is a moral issue against permitting the sale and taxation of liquor. But only in Arkansas is this opinion still tolerated. The rest of America—including Mississippi—has walked off and left us.

If there were ever any truth in the moral argument for prohibition the tax policies of Arkansas in the present generation have destroyed it. Consider these facts:

We tax the poorest class of citizens 3 per cent on the necessities of life, and are considering increasing that tax—while stoutly maintaining it is "immoral" to sell and tax a luxury like liquor.

We reserve the right by local option to prohibit the sale of liquor and beer within the county of our choice but scrupulously insist on retaining our share of the tax on liquor sold in "wet" counties for the continued benefit of our public schools—a piece of hypocrisy and injustice which makes prohibition a dirty name.

Certainly mixed drinks should be legalized. Certainly local option should be abolished—or the law amended to provide that when a county votes dry it loses all aid from taxes on liquor sold elsewhere in the state.

Your editor is a quaint fellow. Others preach about "morality." I talk about taxes—money, the common denominator which separates the phonies from the real people.

Showers Are Forecast for Arkansas

By THE ASSOCIATED PRESS
Showers and thundershowers are forecast for Arkansas through Friday as a cold front drags across the state.

The front was expected to sag slowly southeastward today and by tonight extend diagonally across the state from near Walnut Ridge to Texarkana. By Friday night, the front is expected to be in extreme Southeast Arkansas.

Shower activity is expected to be most numerous near the frontal position.

Little change in temperatures is forecast through Friday. High temperature Wednesday ranged from 85 at Fort Smith to 74 at Memphis. Overnight lows ranged from 69 at Texarkana to 54 at Calico Rock and Gilbert.

Industrial Defense Talks

LITTLE ROCK (AP) — Gov. Winthrop Rockefeller invited Wednesday several state and national leaders in industry and government to a conference May 8 in Little Rock on industrial defense and disaster planning.

Man Charged With Murder of Dr. King

MEMPHIS, Tenn. (AP) — The mysterious Eric Starvo Galt has been charged with conspiracy and murder in the assassination of Dr. Martin Luther King Jr.

The FBI said in a fugitive warrant issued Wednesday night in Birmingham, Ala., that Galt, 36, conspired with a man "whom he alleged to be his brother" to violate King's civil rights.

The state charge of first-degree murder was filed against Galt in Memphis where King, 39, Nobel Prize winning civil rights leader, was shot to death on a motel balcony April 4 by a sniper who fled from a nearby rooming house.

First-degree murder in Tennessee carries the death penalty although the electric chair has not been used in the state since 1960.

The maximum penalty under the federal charge of conspiracy to violate a person's civil rights is a \$5,000 fine and 10-year prison sentence.

There was no further mention in the FBI statement about the alleged brother and no charge was filed against him.

FBI Director J. Edgar Hoover announced in Washington that the conspiracy to "injure, oppress, threaten or intimidate" King began "on or about March 30" in Birmingham.

The FBI statement said a .30-06 rifle equipped with a telescopic sight found near the rooming house shortly after King was slain, was purchased March 30 in Birmingham.

The statement did not connect Galt directly with the rifle.

The FBI released a photograph of Galt and solicited public aid in finding him. Whether this appeal meant the trail had become cold was unclear, but U.S. Atty. Gen. Ramsey Clark told a reporter in Washington that he felt this was not the situation.

The FBI started hunting Galt a week ago. Agents even contacted persons named Galt in several states in an attempt to find him.

The picture—which had to have the eyes "opened" by an artist—brought uncertain responses from witnesses who were acquainted with Galt or saw the fleeing sniper.

"Unless he was wearing a wig or had had a face lift or something, it's not the man I saw," said Charles Q. Stevens, who lives at the Main Street rooming house from which the fatal shot apparently was fired.

"The hair is too full and the face is too young," he said. But Stevens said he only got a side view of the fleeing figure.

A source in Birmingham said the photograph was taken within the past three months, although the FBI did not specify when it was made. The photo has sharp contrast, making hair and features very dark.

The FBI, relying on witnesses apparently, said the fugitive had been described as a white man, 5-8 to 5-11, weighing 160 to 175 pounds, with brown hair in a brush cut, blue eyes, straight nose.

English Language Can Be Memorable and Also Can Be Disastrous

By HAL BOYLE
NEW YORK (AP) — English is a language of glory.

It is a great tongue for saying memorable things, such as, "Give me liberty or give me death," "Don't give up the ship," "United we stand, divided we fall," "Keep off the grass," and "Pleeez step arrrear eunadabus."

Every schoolchild soon learns a number of these deathless utterances. He quotes them at every opportunity throughout the rest of his life as proof that he has been educated.

What our schools fail to teach, however, is that the English language can also become a disaster area. It is full of pitfalls. No other form of communication makes it simpler for a person to put his foot in his mouth in public.

Here, for example, is a brief

Telephone Strike Seems Inevitable

By NEIL GILBRIDE
AP Labor Writer

WASHINGTON (AP) — Nearly 200,000 AFL-CIO Communications Workers are on the verge of the first nationwide telephone strike in 21 years, but their possible walkout isn't expected to interfere much with service.

Although talks continued in Washington, New York and elsewhere as today's 3 p.m. EST strike deadline neared, "We have regrettably reached the point of no return," said union President Joseph A. Beirne.

"We will maintain service and it will be good service," said H. I. Romnes, chairman of the American Telephone & Telegraph Co., parent firm of the strike-threatened Bell Telephone System.

Heaviest impact of a strike would be on new telephone installations around the country because 23,000 installers who work for Bell's subsidiary Western Electric Co. are involved.

"Despite lengthy attempts by both sides, I am convinced it is now too late to avoid the strike," Beirne said in a statement issued from union headquarters in Washington.

Beirne, who described the nationwide Bell System as a "30 billion dollar computer," conceded a strike would have little immediate impact on the company or telephone users.

But he said without the skills of union members who repair and keep the vast telephone system running, "that computer will eventually become an enormous pile of junk."

The union said a strike would probably hamper some long-distance calls, information requests and other services requiring operators.

Romnes said there might be some initial confusion at the start of a strike, but that supervisors would quickly take over the tasks of telephone operators.

The installers, pattern wage setters for the union, now average \$3.27 per hour. Other Bell System workers involved in the threatened strike in 14 states and the District of Columbia average \$2.79.

Company wage offers of 7.5 per cent, rejected by the union, would give pay raises averaging about 24 cents per hour to installers and about 20 cents to the other workers over 18 months.

The Bell System said its offer was the equivalent of 5.6 per cent on an annual basis, but that the union was demanding increases of 10.5 per cent over 18 months—7.8 per cent when figured annually.

17 Seniors in Cast of Annual Play

Seventeen seniors will appear in the Hope High School Senior play Friday night at 8 o'clock in the high school auditorium.

In their order of appearance they include: Duwana Cox, Charles Ward, Ronnie Porter, Betty Gaines, Judy Robertson, Donna Byers.

Penny Burke, Mike Voss, Gayle Hartsfield, Sydney Hollis, Martha Flowers, Cathy Feild, Frankie King, Jack Dougan, Twila Hunt, John Greene, and Leroy Phillips.

The play is directed by Miss Betty Fenter, student teacher from Henderson State College. The Sally Booth is student director, and Miss Kitty Luper and Mrs. B. B. McPherson are the technical directors.

Casualties in War Go Up Sharply

SAIGON (AP) — The number of Americans killed in the Vietnam war climbed to 363 last week, the highest number in five weeks, the U.S. Command reported today.

An increase also was reported in the number of enemy killed, while South Vietnamese casualties dropped from the previous week.

An increase of 5,000 also was reported in the number of U.S. military personnel in South Vietnam, raising the total to 522,000 as of midnight last Saturday.

There was no official explanation for the increase in the number of American battle deaths in a week when fighting generally was described in communiques as light and scattered. U.S. officers said, however, there were tens of thousands of men in the field in widespread operations.

The week before 279 Americans were killed.

American wounded last week totaled 2,694, compared with 3,190 the previous week. Of the wounded last week, 1,352 were hospitalized.

South Vietnamese headquarters reported 293 government soldiers were killed last week, considerably less than the 407 reported the previous week. The headquarters said there were 985 South Vietnamese wounded last week, compared with 1,479 a week earlier, and 32 missing last week against 14 the previous week.

Both the U.S. and South Vietnamese commands reported that the total number of enemy killed by allied forces last week was 3,071. The reports of enemy dead from the two commands frequently differ.

Says Universe Doomed to Fiery Destruction in 10 Billion Years

By FRANK CAREY
AP Science Writer

WASHINGTON (AP) — Navy researchers report they've obtained evidence the universe is a curved, closed system—and therefore inexorably doomed to fiery destruction some 10 billion years from now.

They said the new findings—gleaned from the flight of an Aerobee rocket—appear to provide a possibly definite answer to a great cosmological question that has plagued scientists for generations:

Will the now-expanding universe, with its millions of star-filled galaxies, grow forever—or is it a closed system whose expansion will gradually slow to a stop, with catastrophic results?

Dr. Richard C. Henry of the Naval Research Laboratory, who reported the findings Wednesday on behalf of a five-man research team, said the rocket-gathered evidence "indicates strongly that the universe is closed."

He said such a system, would "fall inward until all the galaxies condense again to one great fireball of matter and radiation."

Henry, 28, a research fellow supported by the National Science Foundation, reported to a

Watershed Meeting Set April 24

The Hempstead County Soil & Water Conservation District Board of Supervisors are sponsoring a meeting of the landowners of the flood plain of Middle and South Fork Ozan Creeks.

George F. Brown of the Soil Conservation Service will present a preliminary report of a watershed protection plan for this area and show slides of watershed protection.

The preliminary report consists of seven proposed retardation lakes and some channel improvement.

All interested persons are invited, especially those owning land in the flood plains of the Ozan Creek.

To initiate this plan, 90 per cent of the land-owners in the flood plain would have to sign a petition. The petition will be available at this meeting, Wednesday, April 24, 1968, 7:30 p.m. in the Conference Room of the Federal Building. This room is upstairs in the Federal Building B. B. Arson Suspected in School Fire

EL DORADO, Ark. (AP) — Police said arson is suspected in a fire that damaged all-Negro Carver Elementary School here Wednesday night. Firemen limited the blaze to a janitor's closet.

Police Detective Bud Brewster also said there was evidence of an unsuccessful attempt to set fire to the stage curtain in the school's cafeteria.

School Supt. Dean Tommey said smoke damage would force closing the school today.

Heaviest Air Blow in Single Day

By GEORGE ESPER
Associated Press Writer

SAIGON (AP) — Waves of American B52s hit South Vietnam's A Shau Valley with more than 1,500 tons of bombs Wednesday and today in the war's heaviest aerial blows for a 24-hour period.

At least 60 of the eight-engine Stratofortresses streaked over the valley from bases in Thailand and Guam to bomb North Vietnamese truck parks, storage areas and troop concentrations.

The 25-mile-long valley has become the No. 1 target for the B52 saturation bombing. Senior U.S. officers believe the North Vietnamese may be using the valley as a staging area for another major attack on Hue, 25 miles to the northeast.

The Communist command is believed to have 25 to 30 battalions in the Hue area, perhaps 15,000 to 18,000 men. The valley

Judges Call in Legislators
LITTLE ROCK (AP) — Members of the legislature have been invited here by the Association of County Judges to meet together this afternoon to be given the background and proposed function of the association.

The association sought a bill in the February special session that would have earmarked one per cent of county turnback revenues to support the association's operation. The bill was defeated.

Big Melon Prize Money Over \$600
The Chamber of Commerce Agriculture Committee is in the process of raising some prize money to encourage the growing of Big watermelons in the area this year.

T. O. Porter is heading this committee for 1968 and announces that to date some \$600 has been raised. "We realize that watermelons do not mean nearly so much to our economy as they once did," said Mr. Porter, "but we feel that the tremendous amount of publicity that we receive from the Big ones is justification of our efforts to keep our farmers producing them."

There will be three prizes offered for the Big melons; first prize for the largest one grown in the Hope Trade Area will be 50 per cent of the amount of money raised and set aside for prizes; there will be two second prizes, one for the largest one, or as the case may be, the second largest one grown in Hempstead County and the second largest one grown in the trade area will each receive 25 per cent of the prize money. No one grower may receive more than one prize.

The following business firms have made pledges and contributions to this fund and the committee expects to have more within the next few days: First National Bank, Hope Auto Company, M & M Leasing Company, Town & Country Restaurant, Citizens National Bank, The Trading Post, Young Chevrolet Company, James Motor Company, T. O. Porter Implement Company, Wyle Glass & Salvage Company, The Tol-E-Tex Company and the Hope Trade Development Association.

Maurice Britt

LITTLE ROCK (AP) — Rep. Bill G. Wells, 37, of Hermitage, saying he believed he was better qualified than Republican incumbent Maurice Britt, filed Wednesday for lieutenant governor.

Wells, who has served four terms in the Arkansas House, was the second Democrat to file. Gilbert Leight, a Little Rock insurance man, filed for

An exchange student from Peru, South America is visiting in Hope. She is Sary Jugo, 17, and attended the Valley Forge School of Cleveland, Ohio where she lives with Mr. and Mrs. Robert Garner and daughter, Debbie.

They are all visiting the R. L. Rogers family of Palmos and the Earl Locketts of Hope.

The exchange of students is made possible by the American Field service. Miss Jugo is a senior and has a very high grade average.

the position last week.

Wells said he thought he would win if he received his party's nomination, adding that Britt "won't be in the realm of competition."

Asked about his support of the 1966 Democratic gubernatorial nominee Jim Johnson,

Wells said he would support Johnson or any other Democratic candidate for governor this November.

Through Wells declined to say whether he would support former Alabama Gov. George Wallace for president if he gets on the Arkansas ballot.

Cotton Belt
Unfair, Say
Negroes

LITTLE ROCK (AP) — Two Negroes have filed suit in U.S. District Court against the Cotton Belt Route, charging the railroad with violating the equal employment opportunity section of the 1964 Civil Rights Act.

Willie Eugene Roberts of Pine Bluff said he lost his job as a student fireman after he complained to the railroad that white employees were hostile to him. He said a cross signifying membership in the Ku Klux Klan was placed on the ceiling of the locomotive cabin.

Theodore D. Wyatt of Altheimer said he was a porter on the Cotton Belt from 1911 until 1959 when the railroad discontinued passenger service and demoted him to a section laborer. He said he had also performed the duties of a brakeman even though he was paid the salary of a porter.

He said that in 1965 he applied for promotion to brakeman and was turned down because he was 12 years older than a company-imposed age requirement for beginning brakemen.
